

MODERN SWIVEL GLIDERS

NORWEGIAN BRAND

Swivel, Glide and Recline - For The Ultimate Relaxation Experience

Gliders from H2 Seating have all the right moves – Swivel, Glide, Recline – for the ultimate relaxation experience. Each chair features a Glider System for smooth back-and-forth movement and a Glider Locker for added stability, making it easier for those who need extra support to get in and out of the recliner.

No other brand in the industry offers the level of functionality and options that H2 Seating provides.

The Right Size Matters:

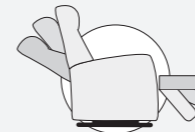

Optimal comfort is also about finding the correct size. All of our Relaxers come in different sizes for the perfect fit.

The difference in dimensions of each chair size is noticeable. Seat width difference is 2", seat height and seat depth is 1" and the back height is usually around 1 1/2" between the sizes.

Relaxers Functional Benefits:

Glider Function ON/OFF Option

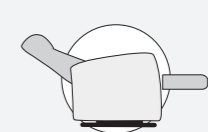

Effortless Reclining & Dynamic Lumbar Support

Swivel

Adjustable Head & Neck Support

Intergrated Footstool

Cold-Cure Molded Foam Sinous spring suspension Steel tubular frame

Manual

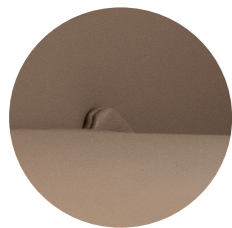

A **Manual** Chair can easily be operated with effortless reclining. Shift seating positions and the back rest angle using your body weight. The extended footrest can easily be unfolded by engaging the inside handle. To fold the footrest in, use your feet to press it down and towards the chair.

- Swivel
- Extended Footrest
- Adjustable Headrest
- Dynamic Lumbar Support
- Glider & Glide Locker

INSIDE HANDLE:

The handle for engaging the release of the footrest is located between the seat and arm.

Power Your Comfort:

From classic Manual to advanced PowerLux, our Relaxers are available with a range of Power Options - so you can choose the level of comfort and convenience that suits you best.

Every Relaxer is also fitted with a **Glider Locker** for added stability, while the sleek, clean back profile ensures they look just as good as they feel.

Power

Upgrading your manual relaxer to **Power** recline means it has never been easier to achieve true, quality comfort, all at the touch of a button.

Modes include:

Pulse

Wave

Loop

NOTE! Massage and Heat functions will automatically turn off after 30 mins

We Got Your Back:

H2 Seating computer-controlled **Cold Cure Molded Foam** process is unique and guarantees superb comfort, durability and a cleaner, more green product.

MDI based higher-grade foam material encases the interior steel frame and high carbon sinuous springs allowing for body-friendly curvatures and ergonomically back support. 56 kg/m³ (3.5lb/ft³) foam density ensure longevity.

Additional Options:

- **SEAT HEIGHT EXTENSION** : Increase Seat Height by 1" inch / 2,5 cm.
- **NON-SWIVEL MECHANISM**: Convert to a Stationary Chair.

Batteries:

H2 STANDARD:

- Rechargeable battery pack with 1800 mAh capacity.
- H2 standard battery can support up to 350 cycles.
- **Standard battery is recommended for Power and PowerPlus Gliders only.**

H2 XL:

- Rechargeable battery pack with 2600 mAh capacity
- H2 XL battery can support up to 600-650 cycles.

We do not recommend using a battery as the primary power source on models with USB, heat or Massage.

Power Safety Option:

COMBOPACK:

- A/C Power supply transformer with a lithium powered battery back up. Allows the chair to operate in an extended time period during a power outage.
- **ComboPack can be used on ALL Gliders with power.**
- The combo pack can support up to 100 cycles.

For high-power models, we recommend the ComboPack. It delivers continuous A/C power with lithium backup for reliable performance during outages—safe, convenient, and without frequent recharging.

Some of our popular Gliders

Discover our range of thoughtfully designed Gliders, each crafted with comfort and support in mind. Some models are enhanced with a pillowtop finish, offering an extra layer of softness and luxury. Whether you prefer firm support or a more cushioned feel, you'll find a Glider that perfectly suits your comfort needs.

Stay Comfortable For A Better Movie And TV Experience...

COMFORT SINCE 1941

Furniture that provides the best way to
relax, rest and recharge.

H2 Seating is a Norwegian company known for designing and producing innovative and comfortable quality furniture with a heritage dating back to 1941.

From our Norwegian base we are building furniture based on proprietary know-how, expertise and technology that has taken decades to develop, perfect and refine.

The past has brought us a wealth of knowledge.

All our products are designed and developed in Norway and based on unique specialized know-how combined with a passion of creating better tomorrows.

Our pledge to the environment goes through making furniture that spans generations as well as in how we design and manage our operations. When you purchase a product from us, rest assured it will last you a lifetime.

Raw materials are selected with care and sustainable manufacturing processes are embedded into our culture. Enjoy!
