OUR FOUNDER | Nils Gunnar Hjellegjerde

## OUR STORY

---

H2 Seating is a Norwegian company with a heritage dating back to 1941. We design and produce comfort furniture that promotes relaxation, well-being, and healthy living - built on decades of proprietary know-how and Scandinavian craftsmanship.

Our story began when Otto Hjellegjerde founded a furniture company dedicated to comfort, durability, and quality. This heritage has been carried forward through his grandson, Nils Gunnar Hjellegjerde, who has worked within the family business and gone on to establish several successful furniture companies internationally. Today, Nils Gunnar applies his full experience, knowledge, and global network to make H2 Seating synonymous with leading Scandinavian comfort furniture.

H2 Seating brings this legacy into full focus with a clear ambition: to create comfort furniture that helps people Relax, Rest, and Recharge - every day.

Our head office is located on the beautiful west coast of Norway, where design, product development, and brand direction are shaped by the surrounding nature and Scandinavian design values. From here, H2 Seating operates sales and warehouse operations in key markets around the world, allowing us to stay close to our retailers and customers.

All our products are manufactured in our own state-of-the-art, vertically integrated manufacturing facilities in Thailand, fully owned and controlled by H2 Seating. This structure provides full control over product development, materials, processes, and quality. The founder and CEO is personally and actively involved on a daily basis to ensure that every product meets the highest standards of comfort, quality, and environmental responsibility that H2 Seating stands for.

Through Norwegian design values, advanced engineering, and responsible manufacturing, H2 Seating is committed to becoming the leading Norwegian brand in high-quality comfort and motion furniture.

*Explore our collection of furniture and find the perfect seating solution for you and your home.*

# MODERN SWIVEL GLIDERS

---

## SWIVEL, GLIDE & RECLINE FOR THE ULTIMATE RELAXATION EXPERIENCE

Glidens from H2 Seating have all the right moves – Swivel, Glide, Recline – for the ultimate relaxation experience. Each chair features a Glider System for smooth back-and-forth movement and a Glider Locker for added stability, making it easier for those who need extra support to get in and out of the recliner.

No other brand in the industry offers the level of functionality and options that H2 Seating provides.

### The Right Size Matters:

Optimal comfort is also about finding the correct size. All of our Gliders come in different sizes for the perfect fit. The difference in dimensions of each chair size is noticeable. Seat width difference is 2", seat height and seat depth is 1" and the back height is usually around 1 1/2" between the sizes.

### Glider Functional Benefits:

Glider Function  
ON/OFF Option

Effortless Reclining

# NORSIT RECLINERS

---

MAGIC | NORSIT RECLINER

## SIT DOWN, KICK BACK & ENJOY COMFORT SEATING AT ITS BEST!

This classic Norwegian-designed swivel recliner range blends Nordic style with modern comfort. Its clean, sleek lines and softly rounded form create a calm, cozy, and inviting atmosphere - perfect for adding a touch of warmth and relaxation to your living space.

Each recliner is crafted with Scandinavian lamination technology and built around a strong, ergonomically engineered steel frame featuring double-hinged steel springs for exceptional strength, flexibility, and long-lasting comfort.

### Comfort Should Never Be One-Size-Fits-All

We believe the perfect chair should feel like it was made just for you. That is why all Norsit models are available in three sizes - Small, Medium, and Large. Ensuring an ideal fit for every body type and preference.

Seat width varies by 5cm/2", while seat depth and back height vary by 2cm/1". These subtle adjustments provide proportional comfort and ideal support. Optional seat-height adjustments of ±2.5cm/1" allow you to fine-tune ergonomics regardless of chair size.

These thoughtful variations mean you never have to compromise between design and comfort. For precise measurements of each model, please refer to our technical sheets.

#### MEDIUM CHAIR:

W : 76 cm / 29,9"  
 D : 80cm / 31,5"  
 H : 104cm / 40,9"  
 SH : 44 cm / 17,3"  
 SW : 53 cm / 20,9"

#### MEDIUM CHAIR WITH PILLOWTOP:

W : 78 cm / 30,7"  
 D : 81 cm / 31,9"  
 H : 105 cm / 41,3"  
 SH : 44 cm / 17,3"  
 SW : 53 cm / 20,9"

#### MEDIUM CHAIR WITH TELESCOPIC HEADREST:

W : 75cm / 29,5"  
 D : 82cm / 32,3"  
 H : 98-109cm / 38,6"-42,9"  
 SH : 44 cm / 17,3"  
 SW : 51 cm / 20,1"

Chairs featuring a telescopic headrest and piping or pillowtop include an additional 2cm (0.8 in) in width and 1cm (0.4 in) in depth and height.

BRAVO | NORSIT RECLINER

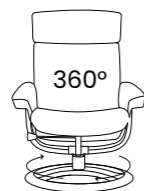

# FOR A RELAXED SEATING EXPERIENCE

## **EFFORTLESS RECLINING**

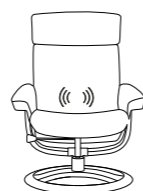

Our patented reclining glide system provides a smooth and adaptive recline. It is effortless and reclines easily by applying your body weight. Turn the knob under the seat to adjust the reclining tension. The chair provides lay-flat recline position like no other in the industry.

## **EASY 360° SWIVEL**

With a smooth 360° swivel you can easily rotate the chair in either direction while seated.

The gracefully curved laminated bent wood design provides unsurpassed stability and durability.

## **DYNAMIC LUMBAR SUPPORT**

Anatomically correct shaped interior steel frame with high carbon sinuous springs and a built in dynamic lumbar support system ensure optimal lower back support regardless of reclining position.

## **HEAD & NECK SUPPORT**

An easily adjustable headrest, that provides ultimate support for your neck while reading, watching TV or resting. Some models are also equipped with Telescopic function making it possible to move the headrest up and down.

## **ADAPTABLE FOOTSTOOL**

Practical and very comfortable foot and leg support. The H2 Seating footstools have a built-in function that automatically follows the movement of your legs when reclining, securing the most optimal leg support possible.

## **COLD-CURE MOLDED FOAM**

Sinuous spring suspension. Steel tubular frame - A unique technology that ensures comfort, body correct support as well as long term durability.

## Find Your Perfect Norsit - Wide Range Available

Norsit offers thoughtfully crafted seating solutions to match your personal taste. From the sleek simplicity of Bravo, to the soft comfort of Magic, to the supportive design of Captain. Each chair reflects a different way to bring comfort and character into your home.

### ELEGANT SIMPLICITY

Norsit recliners are where refined design meets everyday comfort. With its beautifully slim lines and sleek silhouette, it brings a sense of elegance to any room. Norsit's minimalist aesthetic allows it to blend seamlessly into a variety of interior styles - perfect for those who appreciate clean, contemporary design.

### SUPREME COMFORT

Step up your comfort with a softer version like Norsit Magic. Designed with plush cushioning, it invites you to sink in and relax. Whether you're working long hours or enjoying a quiet moment, these recliners surrounds you with cozy support. It's the ideal choice for those who prioritize both style and a deeper sense of comfort.

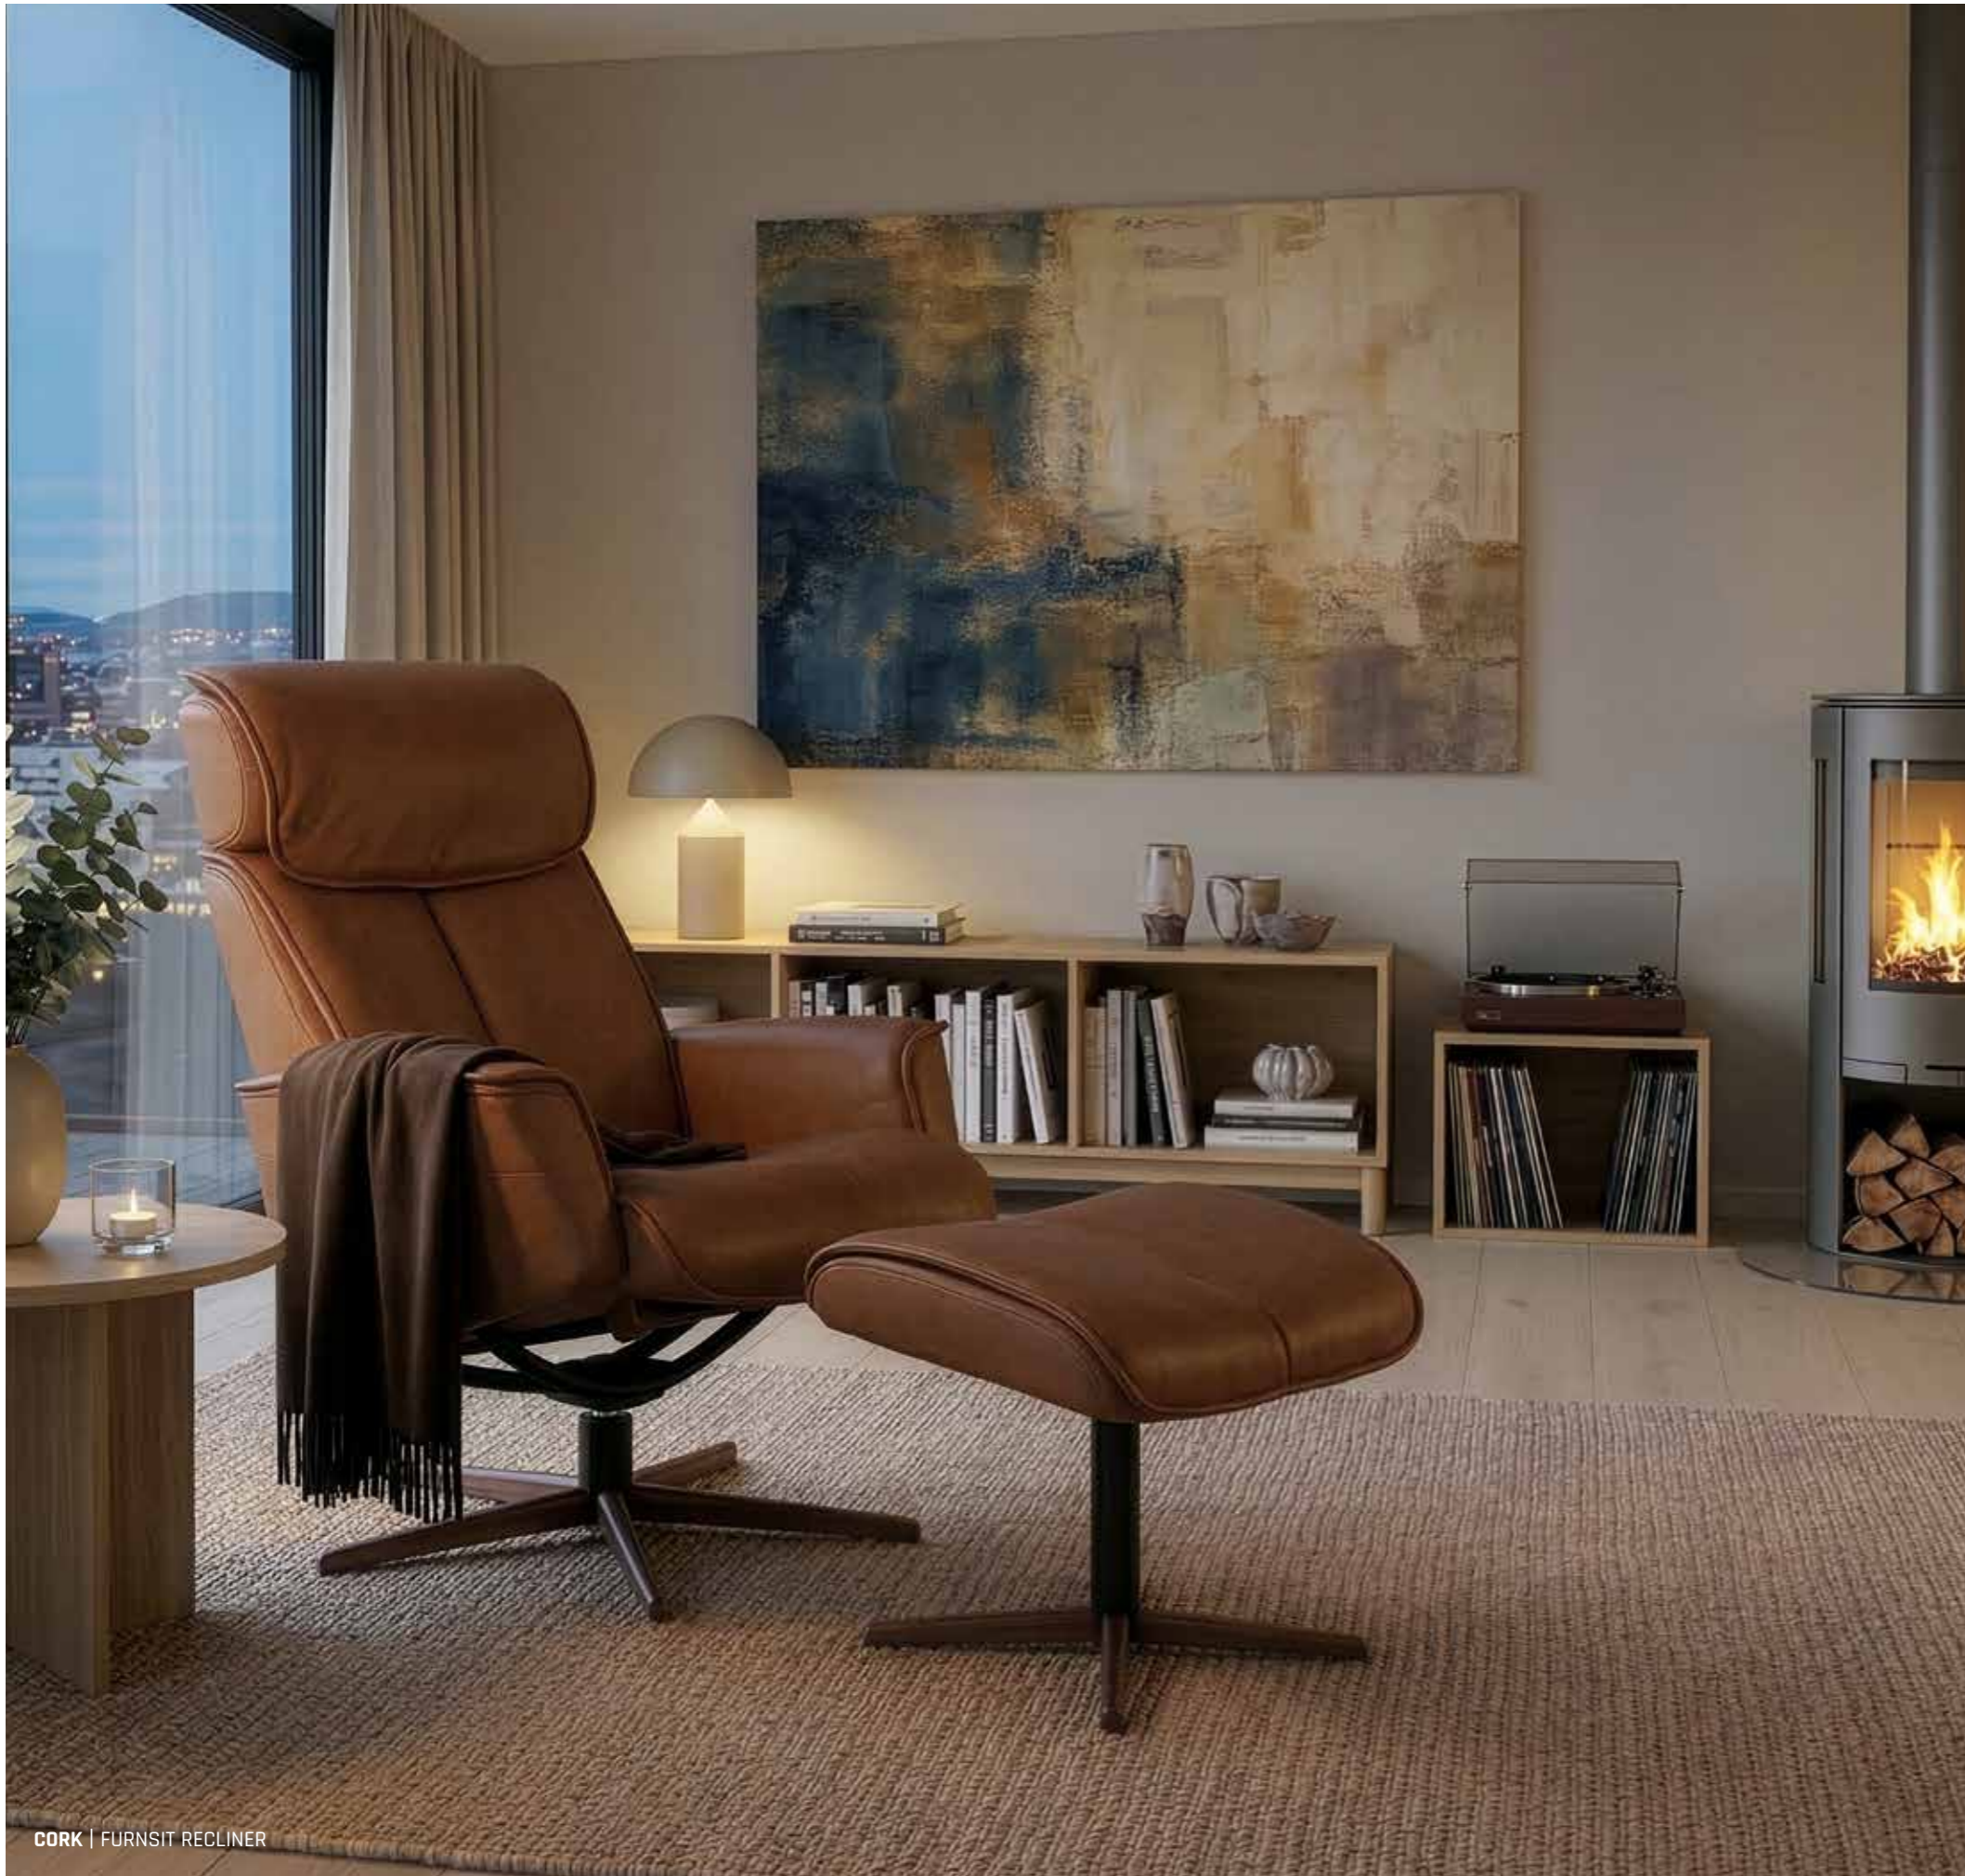

### ADVANCED COMFORT & ERGONOMICS

Norsit Captain with telescopic headrest is the pinnacle of Norsit's ergonomic innovation. Bold aesthetic and intelligent features - like the adjustable head and neck support and luxurious pillow-top padding - these recliners delivers personalized comfort and enduring support. It's built for those who demand the best in form, function and ultimate comfort.

# WELLNESS & LIFT RECLINERS

---

SIGMA | LIFT RECLINER

## ENJOY ULTIMATE COMFORT WITH THE FLEXIBILITY TO SIT, STAND & RECLINE

---

H2 Seating Wellness- and Lift Recliners are built with health, comfort and wellness in mind. Our compact designed Lift Recliners offer the very finest in stress-relieving relaxation.

**All our Swivel Gliders can be made as a Zero Gravity Recliner, Lift Chair Recliner or Ultra Function Recliner.**

---

### Zero Gravity Recliner

The Zero Gravity Collection makes it effortless to get in and out of the chair, allowing you to recline into a Zero Gravity position for ultimate relaxation.

The Recliners promote better circulation, reduce joint pressure, and relieve spinal compression. With features like massage, head and neck support, and soothing Comfort Heat, Zero Gravity Recliners deliver unmatched wellness and comfort.

#### Single Motor:

- Easy to get in and out
- Extended footrest
- Zero Gravity

#### Available as:

- Power
- Power**Plus**
- Power**Extra**
- Power**Lux**

#### Size Options:

- Standard
- Large

## Lift Recliner

If you're looking for a recliner with a Lift function, you have options ranging from a simple Single Motor program to a more advanced Dual Motor program, or the superb Ultra functional program. Whatever you choose, you'll enjoy a comfortable Lift Recliner that you can tailor to your needs.

Standard Lift Recliners offer comfort and mobility support, making it easy to sit, recline, and stand. Ideal for those seeking both comfort and assistance with mobility.

### Single Motor:

- Extended footrest
- Recline and Lift

### Available as:

- Power
- Power**Plus**
- Power**Lux**

### Size Options:

- Standard
- Large

## Multi Functional Lift Recliner

Our Multi Lift Recliners are more advanced than our Standard Lift Recliners. These Lift Recliners feature a Dual Motor System – making it possible for the back and footrest to operate independently and providing an almost lay-flat recline position.

With Multi Lift you will get a Lift chair that provide smooth transitions for easier mobility and relaxation.

### Dual Motor:

- Extended footrest
- Recline and Lift
- Independent recline and footrest function
- Lay-flat
- Comfort Heat option

### Available as:

- Power
- Power+
- Power**Plus**
- Power**Plus+**
- Power**Extra**
- Power**Lux**

### Size Options:

- Standard
- Large

## Difference Between Single Motor & Dual Motor

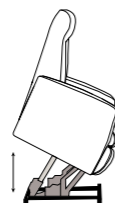

### SINGLE MOTOR:

First raise footrest

Then back reclines

Chair lifts after the footrest has closed and the backrest is in the upright position.

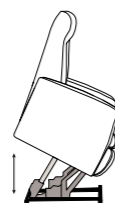

### DUAL MOTOR:

Back and footrest operating independently

Lay flat recline position

Chair lifts after the foot rest has closed and the backrest is in the upright position

## Ultra-Functional Lift Recliner

For the ultimate comfort and all in one relaxation experience, UltraFunction Lift Recliner is the perfect choice. You have the same features as Multi Lift, but it will take you to the next level with an enhanced Zero Gravity reclining experience and soothing Comfort Heat.

All UltraFunction Models also features Comfort Heat and ComboPack. ComboPack is an A/C Power supply transformer with a lithium powered battery back up.

### Dual Motor:

- Extended footrest
- Recliner and Lift
- Independent recline and footrest function
- Comfort recline position
- Full Zero-Gravity
- Comfort Heat
- ComboPack

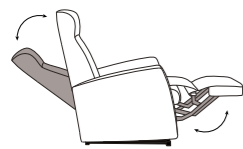

### Available as:

- Power
- Power**Plus**
- Power**Extra**
- Power**Lux**

### Size Options:

- Standard
- Large
- Extra Large

## UltraFunction Benefits:

Dual Motor Independent operation of footrest

Reclines smoothly into a comfort position and lay-flat deep recline with full Zero Gravity and full arm support

Adjustable headrest

Dynamic Lumbar Support & Comfort Heat

Gentle Lift

# HYGGE DINING TABLES - DESIGNED FOR EASY MOVEMENT & A COMFORTABLE DINING EXPERIENCE FOR ALL

Our dining tables are crafted from natural oak veneer, blending warmth, elegance and lasting durability. Each table is finished with an advanced water-based cross-linked top coat, offering outstanding resistance - capable of withstanding up to one hour of alcohol exposure and 24 hours of water contact, as verified by EN 12720 standards.

To maintain their timeless appeal, care should be taken to avoid scratches, heat damage, and impacts from sharp objects.

Elevate your workspace with the Furnsit Executive Desk Chair – crafted to deliver the perfect balance of performance, posture, and prestige. **We offer a range of different designs to suit any office aesthetic.** And each chair is engineered for lasting comfort, combining advanced ergonomic support, refined adjustability, and premium materials.

## Comfort Should Never Be One-Size-Fits-All

For a truly personalized fit, the Furnsit Executive Chair is available in three sizes: Small, Medium, and Large. Each size is proportioned to ensure optimal comfort, alignment, and support for every body type and workspace.

The size differs by 5 cm/2 inch in width. Seat depth and back height are also proportioned per chair size.

These thoughtful variations mean you never have to compromise between design and comfort. For precise measurements of each model, please refer to our technical sheets.

The Class 4 Gas Lift allows precise height adjustment, while smooth-rolling castors and a stable wide base provide effortless mobility and stability.

Blending Scandinavian design with professional-grade ergonomics, Furnsit Executive Chairs are designed to keep you comfortable, focused, and in command – throughout your entire workday.

COPENHAGEN & GROVE | MOTION SOFA & EASY CHAIR

## DIVANI MOTION SOFA

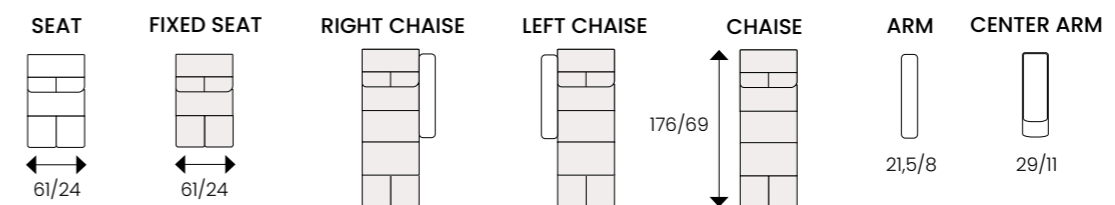

Space is precious, but comfort should never be compromised. That's where Divani comes in - each 61 cm (24 inch) module features our Comfort mechanism and uniquely supportive headrest, offering exceptional comfort in one of the most compact, modular, and space-efficient motion sofas available.

With Divani, you are in complete control of your design - so it fits both you and your home perfectly.

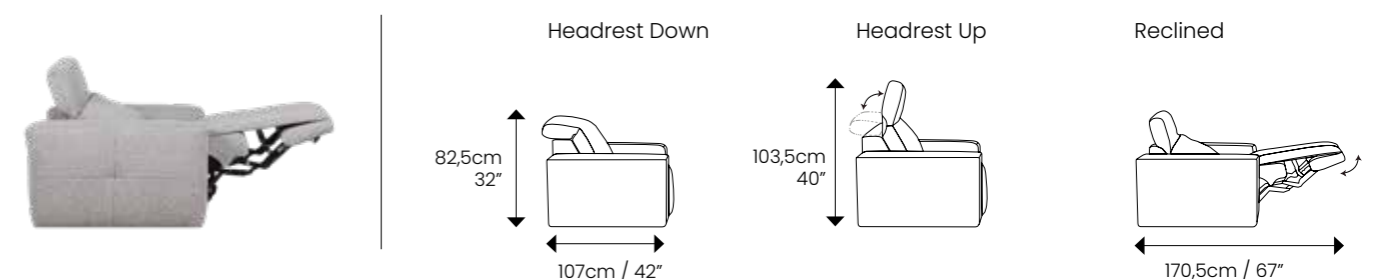

What makes Divani truly special is that it is both a sofa and a recliner in one. You can choose between power seats with power headrest and footrest, or fixed seats with manual headrest. With its compact proportions, clever modular design, and motion functionality, Divani brings together the best of both worlds - the comfort of a recliner and the versatility of a modular sofa.

# GROVE & DELL

GROVE

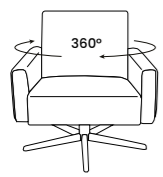

DELL

Grove and Dell are designed as the perfect balance between contemporary elegance and everyday comfort. The two models share the same carefully engineered construction – the only difference lies in the armrest design: Grove features softly rounded armrests, while Dell offers a more defined, square expression.

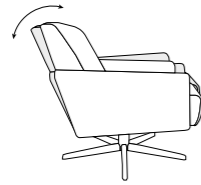

The Easy Chairs offer a 360-degree swivel function, allowing effortless movement and flexibility. The tilt mechanism and integrated lumbar support adapt naturally to your body, making the chair ideal for long moments of relaxation – whether reading, socializing, or simply unwinding.

With Grove and Dell, you get a thoughtfully designed easy chair that blends comfort, functionality, and timeless design.

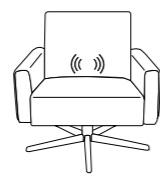

## Features:

Easy 360° Swivel

# COMFORT SINCE 1941

*Furniture that provides the best way to  
Relax, Rest and Recharge*

H2 Seating is a Norwegian company known for designing and producing innovative and comfortable quality furniture with a heritage dating back to 1941.

From our Norwegian base we are building furniture based on proprietary know-how, expertise and technology that has taken decades to develop, perfect and refine.

The past has brought us a wealth of knowledge. All our products are designed and developed in Norway and based on unique specialized know-how combined with a passion of creating better tomorrows.

Our pledge to the environment goes through making furniture that spans generations as well as in how we design and manage our operations. When you purchase a product from us, rest assured it will last you a lifetime. Raw materials are selected with care and sustainable manufacturing processes are embedded into our culture. Enjoy!
